## MOVE ON SAN ANTONIO

ALL POLITICS IS LOCAL—GET INVOLVED—GET INFORMED

Sanctuary City definition: Term applied to jurisdictions that have policies in place designed to limit cooperation with or involvement in federal immigration enforcement actions. Arguments against cooperating with ICE.

- Law Enforcement are not trained to determine immigration status. Enforcing Immigration Laws undermines community policing. Cutting off state grants will hurt crime victims, military veterans, and other people in our community. These proposals blur the line between local police and federal immigration officers.

- Undocumented people will choose to live in the shadows and not cooperate with law enforcement, creating a more dangerous community.

- Officers will have a mandate to engage in stop and frisk policing and start racial profiling.
